Other standout communities DMB Realty Network has served include Capella™ Pedregal in Cabo San Lucas, BCS, Mexico, as well as Tehama, Clint Eastwood's community in Carmel, CA.

BONNIE LIGOURI

Regional Vice President, Broker

DMB Realty Network, Forest Highlands

Bonnie provides leadership, guidance, direction and assistance to the DMBRN realty agents, staff and management. The experiences Bonnie has accumulated through her years in business, finance, sales and customer service are valuable ingredients she calls upon to not only meet but to exceed expectations.

Prior to real estate, she worked for more than 20 years as a business executive, selling and developing technology for the hotel industry. In 1990, she sold a custom-designed hotel computer system to a large theme park in Europe. In 1995, she was instrumental in launching a new hotel computer system based on the Microsoft Windows® operating system – the first of its generation. Her clients lauded her for her achievements, attributing her successes to her dedication to having a clear understanding of customer needs.

In 2002, Bonnie moved to Flagstaff and launched a career in real estate. Within her first two years in the industry, she rose to the top tier of production, and worked with Jim Lyon to establish the first Russ Lyon office in Northern Arizona in 2004. The operation became the top selling and listing office in Flagstaff within the first 18 months of opening.

During her work as a real estate agent, Bonnie became very familiar with Forest Highlands, garnering listings within this Flagstaff real estate community and turning prospects into buyers. In October of 2006, she joined DMB Realty and later DMBRN. Her expertise in the luxury real estate sales and marketing arena has allowed Bonnie to make significant contributions to several luxury master-plan communities, among them DC Ranch, Forest Highlands and Verrado.
